Att. : to whom it may concern,

SUBJECT : *Crystalline H₂O*tm pool water maintenance product;

Dear Sir, Madam,

We run a swimming school and our instructors spend many hours everyday in our indoor swimming pool.

We have been using the *Crystalline H₂O* product for over one year. On top of having crystal-clear water, our instructors are proud to say that the water is soft and does not leave the chlorine sensation on the skin normally experienced after spending much time in heavily chlorinated water.

Moreover, they are happy to say that their swimwear lasts for a much longer time. We strongly recommend this product without reservation.
